

## COURSE SYLLABUS

**COURSE TITLE:** COLLEGE PHYSICS I  
And LABORATORY

**TERM & YEAR:**

**COURSE & SECTION NUMBER:** PH 154  
& PH 154L

**TIME & PLACE:**

**NUMBER OF CREDIT HOURS:** 3-2-4

**INSTRUCTOR:**

**OFFICE LOCATION/HOURS:**

**OFFICE PHONE:**

**EMAIL:**

**COURSE DESCRIPTION:** An algebra-based introduction to the concepts and application of Newton's Law, linear and rotational motion, work, energy, and momentum, solids and fluids, and heat. Experimental investigation of selected topics.

**PREREQUISITES:** MA 113 College Algebra, MA 123 Trigonometry

**REQUIRED TEXT:**

**REFERENCES:** None.

**OTHER MATERIALS:** on reserve in the library

**LEARNING OUTCOMES:** Upon completion of this course, the student should be able to:

1. demonstrate an understanding of the physics equations and concepts related to the topics listed in the course description
2. solve quantitative problems involving the physics equations and concepts related to the topics listed in the course description.
3. draw and/or interpret graphs which illustrate the physics equations and concepts related to the topics listed in the course description.
4. make measurements using a variety of tools and instruments, record the data in an organized manner, and analyze the data using physics-specific equations, draw graphs, calculate the standard deviation, and perform propagation of error.

**COURSE REQUIREMENTS:**

**ATTENDANCE/PARTICIPATION:** Indicate your class attendance policy. (Remember that for Trine University to receive federal financial aid for its students, faculty are expected to take roll and be able to verify when students are and are not attending class.)

**GRADING/EVALUATION:** Indicate your grading procedure and the type of evaluations you plan to use.

**OTHER POLICIES:** You may wish to indicate policies such as the consequences of academic misconduct, methods of communication, student expectations, instructor expectations and any other policy that needs to be clarified at the beginning of the course.

### ACADEMIC MISCONDUCT

The University prohibits all forms of academic misconduct. Academic misconduct refers to dishonesty in examinations (cheating), presenting the ideas or the writing of someone else as one's own (plagiarism) or knowingly furnishing false information to the University by forgery, alteration, or misuse of University documents, records, or identification. Academic dishonesty includes, but is not limited to, the following examples: permitting another student to plagiarize or cheat from one's own work, submitting an academic exercise (written work, printing, design, computer program) that has been prepared

totally or in part by another, acquiring improper knowledge of the contents of an exam, using unauthorized material during an exam, submitting the same paper in two different courses without knowledge and consent of professors, or submitting a forged grade change slip or computer tampering. The faculty member has the authority to grant a failing grade in cases of academic misconduct as well as referring the case to Student Life.

**PLAGIARISM**

You are expected to submit your own work and to identify any portion of work that has been borrowed from others in any form. An ignorant act of plagiarism on final versions and minor projects, such as attributing or citing inadequately, will be considered a failure to master an essential course skill and will result in an F for that assignment. A deliberate act of plagiarism, such as having someone else do your work, or submitting someone else's work as your own (e.g., from the Internet, fraternity file, etc., including homework and in-class exercises), will at least result in an F for that assignment and could result in an F for the course.

**ELECTRONIC DEVICES:**

Use of electronic devices including smart watches and cell phones is prohibited during exams or quizzes unless directly allowed by the instructor.

**COURSE CALENDAR/SCHEDULE:**

**ADDITIONAL INFORMATION:** You may wish to include other information here. Include information that you would repeat in lessons, practices, policies, etc.
